On behalf of the SCUR Board I like to convey our great sadness, regret and concern regarding the devastating Earthquake and Tsunami that has recently tragically befallen Japan.

We have all felt for you and your Nation watching immobile and transfixed the unbelievable TV and Internet pictures unable to comprehend and feeling completely helpless, inadequate and unable to lend a hand.

We particularly want you all to know that we, on behalf of our SCUR Society, are thinking and praying for you all and have watched the tremendous courage and dignity of the Japanese people having to support and face such an enormous climatic eruption and social interruption.

Our kindest regards

For the SCUR Committee

Dr. Christine Betts
